

Alexandria Gazette

VOL. CXXXVI.—No. 78.

ALEXANDRIA, VIRGINIA, WEDNESDAY, MARCH 31, 1920.

PRICE ONE CENT

GARBAGE COLLECTION NEW ORDINANCE

Work Now Under Direction
of City Health De-
partment

RULES LAID DOWN

Collections Will be Made at Least
Twice a Week During Warm
Months

A short time ago, the Health Department drew up an ordinance entitled, "An ordinance to provide for the storage collection and disposal of garbage within the limits of the city of Alexandria, Va., to regulate the collection by licensed collectors under the direction of the City Health Officer, and provide penalties for violation thereof."

This ordinance was presented to City Council and was promptly passed. On March 26 it was approved and duly signed by the Mayor, hence is now in full force and effect.

Dr. Louis Folks, city health officer, speaking about the new ordinance today, had the following to say:

"I consider this a great step forward, as this new law is intended to bring order out of chaos and reduce to a simple and effective system the collection of garbage within our city limits.

In the past, we have been trusting in kind Providence, and the few farmers who came into the city when so disposed, and wandered about at will seeking such garbage as they considered suitable for their hogs to devour. It is needless to state that they went only to such places as furnished the best of care and left the other sections to be looked after as Providence might direct. This created a very unfortunate state of affairs, as Providence did not seem to take any particular interest in the matter.

There being no regulations regarding the storage, collection and disposal of garbage, it was absolutely impossible for the Health Department to do any effective work along these lines, hence, after long and careful study of the local situation we formulated and presented the above mentioned ordinance.

Among other things, this ordinance defines: 1. That garbage shall be collected only by persons duly licensed by the Health Department, who shall collect only in the districts assigned to them.

2. Each collector will display upon the sides of his cart or wagon the number of his license and carry with him a card showing his authority duly signed by the Health Officer.

3. Garbage to be collected at least twice each week during the six warm months and at least once a week the remainder of the year from all private dwellings, with daily collections from hotels, restaurants and boarding houses.

4. Defines the word "garbage" as meaning solid or semisolid kitchen refuse which was intended to be used for food, but excludes coffee grounds and egg shells.

5. All garbage must be stored in water-tight, metallic cans provided with covers to exclude water and flies, and placed so as to be easily accessible to the collector. Nothing but garbage must be placed in said cans.

6. Unlawful for any person to deposit garbage on any private or public dump, street, alley, yard or private premises, except as specified in the ordinance.

7. Provides a penalty of from one to five dollars for violating any of the provisions of said ordinance.

The above is only a summary of the ordinance and every person interested should secure a copy from this department in order to fully understand it.

12 years chairman of finance committee.
6 years police commissioner. 78-6

SEEK REVISION OF ALEXANDRIA CENSUS

Chamber of Commerce Now
Collecting Data With
This Object

POLICE MAY DO WORK

Many Whose Names Were Omitted
Have Reported to Chamber of Commerce—Various Ways Considered.

Since the announcement of the results of the recent census for this city, the clerical force of the Chamber of Commerce, by direction of its board of directors, has been engaged in collecting data to show the omissions and to establish a basis to secure a revision.

Captain George H. Evans, business manager of the Chamber, has recently interviewed the federal director of census and acting upon the suggestion of that official the Chamber will now proceed to inaugurate a plan whereby the population not listed by the census enumerators will be included in the 1920 figures. While there is not any fund available for a retaking of this census there are many ways to check what has been done and to find out what has been omitted.

At a meeting of the committee having this work in charge it was determined to follow the suggestion of the director of census and this work will be rapidly proceeded with. This will embrace a postal census, which can be ordered by the Postmaster and following the lead of Richmond and other cities it is possible that a request will be addressed to the Mayor.

Community Plans

Varied Program of Entertainment For
Summer Months

Plans for the summer season, as outlined by the Executive Committee of the Alexandria Community Service Center, in session yesterday, call for many innovations, which are sure to appeal not only to the younger folks of the community but to the older ones as well.

Educational, religious and recreational features make up a well balanced program. For young girls, classes in domestic science, folk dances, athletics, dramatics, sewing, and a business course are planned. For young men, classes in physical education, wireless telegraphy and dramatics and music will be on the program.

For the younger boys and girls, all outdoor athletics, hikes, picnics, music, wireless telegraphy, domestic science and dramatics are planned, while the older folks are sure to enjoy the indoor gatherings, euchres, musicals, dances and informal parties.

The first euchre will be held Wednesday night, April 7th at the Community Center. Mrs. Boland is chairman of the Euchre committee. Many handsome prizes have been procured, and many more will be obtained prior to the euchre.

The new Center is being put into first class shape by the young men of the community, who are doing the work without charge, and plans for a miniature playground on the corner lot, as well as a larger playground on the second lot, are nearing completion.

Mrs. Percy Evans, president of Community Service, and the Executive Committee, composed of Mrs. Albert Droufs, Mrs. T. Marshall Jones, Mrs. T. C. Howard, Dr. Kate Walker Barrett, Mr. T. E. Dyson, Mr. E. C. Tier, Mr. Gardner L. Boothe, Mr. H. Noel Garner, Mr. William C. Desmond, Mr. William J. McCaffrey, Mr. James Bayne and Mr. Harry Kirk, are planning things for Alexandria and will have a general committee of Alexandria's leading citizens who are sponsors to the movement of Community Service. The entire list of the General Committee will be published in the near future.

ANOTHER INCREASE GRANTED W. VA. RY.

Twenty-Five Trip Ticket
Raised From \$2.75
to \$4.00

EFFECTIVE APRIL 16

Executive Committee of Commuters' Association to Present Memorial of Protest to Commerce Commission

Another increase in fare will be put into operation by the Washington Virginia Railway Company after April 16. The increase is on what is known as the two week or twenty five trip commutation tickets which tickets will be increased from \$2.75 to \$4 or \$1.30 increase a ticket. The increase has just been granted the company by the Interstate Commerce Commission.

The executive committee of the Commuters' Association last night held a meeting in the Westminster building and decided to present a memorial protesting against the increase as the commuters on the Falls Church division of that road already have done.

The ticket which they will increase to \$4 formerly sold for \$2.50 and with the ten per cent increase granted by the Interstate Commerce Commission effective on or before December 31, 1919, was boosted to \$2.75. At the same time the monthly commutation tickets were increased from \$4.05 to \$4.45.

The announcement that the railway company has secured another increase in its fares has created a howl of protestation throughout the city and it is expected that the executive committee of the Commuters' Association will present a memorial of protest to the Commerce Commission.

(Continued on Page Five)

CANTATA LAST NIGHT

St. Paul's church was crowded to the doors last evening to hear the choir render Turner's Gethsemane Cantata. It was a repetition of the success of last Lent.

The part of "Mary" was sung by Mrs. Harrie White, who sang in her usual effective manner. Her solo "My Son Who Hangest There" particularly showing the beautiful quality of her voice. Mrs. Nes a new singer in Alexandria sang the solo "It is Thy Father's Will" in a most pleasing manner. Mr. Ordgen sang the tenor parts. His solos were given in his usual good style, especially his solo to "Mary"—"Dost Thou Hear the Words so Tender"—which was sung with a great deal of pathos and feeling.

Mr. Waller the bass of the choir was never heard to greater advantage singing the part of "Jesus" he had some of the most difficult words to sing but sang with great ease and much feeling. Mr. Franklin, a former soloist of St. Paul's choir sang the part of "Judas" and his solo "I have sinned" was sung very effectively. These soloists were ably assisted by a chorus of 40 voices, and the large choir slowly marching down the center aisle singing the processional hymn, "O come and mourn with us a while" was an inspiring sight. The service was under the direction of Mr. Fowler the organist of the church who played "Adoration" from the "Holy City" for the offertory. The congregation of St. Paul's church is to be congratulated in having a choir capable of doing such a difficult service so effectively.

A meeting is to be held at 8 o'clock tonight at the Community Center of the committee in charge of arrangements for the play to be presented under the auspices of the American Legion on April 22 and 23. All those who have been asked to take part are earnestly requested to attend.

NOTICE
Owing to the steadily increasing cost of white paper and other things that go into the production of a newspaper, the price of the Gazette for single copies at the office and at newsstands beginning April 1 will be two cents. The price delivered by carrier will be thirty-five cents per month as heretofore.

MONKEY WRENCH
Some people waste a lot of time trying to find the right side of a left-hand wrench. We don't need a wrench in our efficient service.

JESTER'S

78-1c.

WILSON'S TRIP PLANS

President to Leave for Woods Hole by May 15

President Wilson probably will leave for Woods Hole, Mass., where he will spend the summer months at the home of Charles R. Crane, of Chicago, by May 15.

It is expected the lease for the Crane home will be signed today. Joseph P. Murphy, assistant chief of the Secret Service, and Col. Edward W. Smithers, who for years have arranged Presidential trips, have been at Woods Hole since Sunday, working on the details for the trip and the President's occupancy of the Crane home. They are expected to return to Washington tomorrow when a final set of plans will be drawn, giving the details of the proposed trip.

BOY WITH MISSING BONDS

New York Police Are Searching for Youth With Harriman & Co. Securities

New York March 31.—A messenger disappeared last week with \$118,000 worth of bonds from Harriman & Co., of 111 Broadway. A police alarm for the missing youth was sent out last night.

House Destroyed

Handsome House of Frank Hume Burned This Afternoon

The handsome residence of Mrs. Frank Hume known as "Warwick," 2 miles north of this city, was completely destroyed by fire at 1:30 o'clock this afternoon. Burning brush in the neighborhood caused the fire.

When it was seen that the fire was spreading the fire department of this city was called upon and efforts of firemen to ally the progress of the flames were unavailing owing to the inability of the firemen to obtain a sufficient supply of water.

Some water was obtained from Mount Ida and some from the pump at George Mason High School. "Belmont" neighbors and the firemen succeeded in saving a part of the valuable furniture in the house.

In addition to the destruction of the Hume residence the fire also destroyed a number of outbuildings on the estate, one being occupied by tenants on the estate.

The loss will be several thousand dollars and is but partially covered by insurance.

The Hume residence was one of the finest homes in Arlington county. Situated on the hill overlooking Hume station it was an attraction to tourists passing back and forth and was greatly admired for its architectural beauty.

In a boxing match staged last night at the Lyceum Hall, Dick Schoeni proved an easy winner against Tarzan Jalbert, Chester Boran was referee. The contest was two six minute rounds.

SENIOR PLAY

The Senior Class play of the A. H. S. seniors will be given in the High School auditorium, the 7th, 8th and 9th of April. "Green Stockings," as may be seen by posters around town, is the name of the piece. It not only deserves interest as the effort of high school students, but also is a play of merit in itself, having been used by Margaret Anglin as a successful starring vehicle. Those who have seen former high school plays do not need to be convinced that this one will be worth attending. This is the chance for those who have not seen the talent in their midst to come out and discover for themselves a new pleasure.

You'll say Constance Talmadge "In Search of a Sinner" tonight at the Richmond is the funniest, naughtiest comedy drama you have ever seen. 78-1c.

FOR GOOD FRIDAY—Roe and buck shad, and all kinds of fresh fish. Call Phone 735. **SANITARY FISH MARKET, City Market.** Open until 6 p. m. **J. HARVEY ROBINSON, Proprietor.** 77-2c.

VERDICT FOR \$2,126.76.
Greene and Neuland Sue Fleischmann Construction Co.
For \$6,453.80.

A jury in the corporation court at 11:30 o'clock last night awarded Greene and Neuland a verdict for \$2,126.74 in their suit against the Fleischmann Construction Company. The plaintiffs sought to recover \$6,453.80 for room rent and board for employees of the defendant corporation alleged to be due. The case was in progress all day and until the foregoing hour last night. The plaintiffs were represented by Attorney Leo P. Harlow and the defendant corporation by Attorney Gardner L. Boothe. Judge L. C. Barley presided.

POTOMAC FISH COMPANY

Will have on sale tomorrow and Good Friday, roe and buck shad, fresh herring, salt water croakers, flounders, white, perch, rock bass and all kinds of fish. Still have fresh oysters. 78-2p.

BURGLARS GOT \$800 WORTH OF CLOTHING

Store of J. Blankin, 622 King Street Entered Last Night

DISCOVERED TODAY

Loot Taken Includes Men's and Women's Suits—Entrance Through Rear Window

Clothing valued at \$800 was stolen by a burglar who early this morning broke into the store of Jacob Blankin, 622 King street. The robbery was discovered by a clerk who opened the store this morning.

Shortly afterward Mr. Blankin, who resides in Washington, arrived and took an inventory of his stock and ascertained that fourteen men's suits, five overcoats, two dresses and several skirts had been secured by the burglar.

An investigation revealed that the burglar effected an entrance through a rear window. The window is protected by iron bars. The work, however, in which the bars are encased has partially rotted away and the burglar succeeded with little effort in wrenching the iron bars from their socket and then breaking the window glass.

The burglar evidently had help in carting away the loot, as it would have been a physical impossibility for one man to have carted away all of the stolen goods, unless he had a car awaiting outside and made several trips from the store to the car.

A report of the robbery was made to Chief Goods and the police are making an investigation of the case and already are working on several clues.

This is the first robbery of any consequence that has occurred in Alexandria this year.

EPISCOPAL NINE

DEFEATS WESTERN

Episcopal High School baseball team yesterday defeated the Western High nine in one of the best games seen on the Virginians' diamond. The Episcopal lads landed the verdict 7 to 6.

The pitching of Hair for the Red and White was easily the feature of the contest, as he struck out 10 batters and issued but one pass. Score by Innings:

Western . 1 0 1 0 0 0 4—6 8 3
Episcopal 3 0 0 0 0 0 3 1—5 3
Batteries—Western, Hair and Cary; Episcopal, Taylor and Butts.

SPECIALS

Thursday, Friday and Saturday
500 pounds Purcell's special coffee at 45 cents a pound; Boy Scout coffee, 40 cents a pound; White Marvel Flour, \$14 per barrel, \$7 half barrel; \$1.75 for 24 pound sack; yellow California peaches, large can, 35 cents; 3 cans for \$1.00; 5 pound can red and blue Karo syrup, 50 cents; country butter, 60 cents per pound; fresh eggs, 55 cents. Free delivery. J. E. PURCELL, 117 South Henry street. Phone 567-W. 78-3c.

VERDICT FOR \$2,126.76.

Greene and Neuland Sue Fleischmann Construction Co.
For \$6,453.80.

A jury in the corporation court at 11:30 o'clock last night awarded Greene and Neuland a verdict for \$2,126.74 in their suit against the Fleischmann Construction Company. The plaintiffs sought to recover \$6,453.80 for room rent and board for employees of the defendant corporation alleged to be due. EBERT'S WAR ON HUN MILITARISM

New Cabinet to Take Drastic Measure Against Junkers

FACE TREASON TRIAL

Ruhr Workers Threaten to Destroy Mines and Kill Themselves—Regarded as a Bluff

Berlin, March 31.—Drastic measures to combat the old conservative and military groups in Germany are to be taken by the new Cabinet formed by President Ebert.

Every utterance from various Ministers indicates a determination to fight the reactionary elements.

Dr. Wolfgang von Kapp, head of the recent revolutionary government. Dr. Traub, revolutionary minister of war, and a dozen other civilians are to be tried on charges of high treason. Minister of Justice Blum announced.

All officers of the old reactionary regime are to be removed from the army, and other measures taken to make this service a popular institution that will permit political education.

This promise was made in a speech by Defense Minister Gessler. The speech has created a highly favorable impression and it is predicted that if the entire Cabinet program is carried out it means that the militarists are seeing their last hours.

Karl Legien, secretary of the Berlin Federated Trades Union, and the strongest labor leader of the country assured his support to the Government in a remarkable speech. He demanded that the leaders of the recent revolution be punished and that their property be confiscated and used for the benefit of the poor.

Minister of Defense Gessler is insistent upon sending troops into the Ruhr district to enforce order there despite threats of the workmen to blow up property upon the soldier's appearance. This, it is hoped, is "bluff."

Illustrated Lecture

E. W. R. Ewing to Talk Before Citizens' Association Tonight

"A Tour of the West from Canada to Mexico" will be the subject of an illustrated lecture which will be delivered at 8 o'clock tonight before the Alexandria Citizens' Association at a meeting to be held in Odd Fellows' Hall by E. W. R. Ewing, of Arlington county. Ladies are invited to attend. Mr. Ewing will show about 100 slides.

In addition to the lecture a number of matters of importance also will be considered at this meeting. It is expected that a large number of members will attend.

PLAN MAY BALL

A meeting of the Mason-Dixon Players was held last night at the Community Center, some two-dozen members being present. Plans for a May ball were discussed, and H. Noel Garner appointed a committee of one to arrange all details. The Executive Committee of the Mason-Dixon Players will meet tonight at 7:30 o'clock at the Community Center, to plan for the new production to be put on in this progressive aggregation of Alexandria's younger musical folks.

The Mason-Dixon Players have put on six shows since organizing in December, the members feel that a little variety will add spice to the performance. Many new members were admitted, and four new acts will be produced at the next show.

William Windsor caught two shades off Alexandria today. These are, we believe, the first that have been caught in this neighborhood this season.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Beware of April Fool jokes which will be in order tomorrow.

The regular Saturday night dance at the community center will not be held this week as this is Holy week.

The card party for the Students' Loan Fund of Virginia has been postponed indefinitely.

Rabbi Joseph Kohn and family have gone to Rockaway Beach for the spring and summer.

The State Court of Appeals yesterday reversed the judgment of the Circuit Court of Alexandria County in the case of Elliott vs. Birrell.

Cadet D. R. Stansbury, Jr., of Fishburne Military School, who has been ill for some time past, is improving.

James H. Smith and wife have sold to Frederick A. Smith and wife house and lot on the west side of Lee between Gibbon and Franklin streets.

The regular business meeting will be held at the First Baptist Church tonight. Interesting reports will be read and a large number is expected to be present.

A meeting of the Woman's Home Missionary Society of Trinity M. E. Church will be held at 2 o'clock Thursday afternoon. All members are urged to be present.

Among the senior honor students at Bryn Mawr College announced last week by Miss Helen Taft, acting president, was Miss Julia Newton Cochran, of The Plains.

The regular weekly dance of the Ladies Social Club will be omitted tonight, Ash Wednesday, but these affairs will be resumed Wednesday of Easter week.

The Chicago Club, B. P. O. Elks, will give a dance in the Elks' auditorium Tuesday evening, April 6, at which time the Cleveland Car from the recent bazaar is to be awarded.

On account of the evangelistic services at the Payne street Chapel there will be no prayer meeting in the Westminster Building this evening.

The Alexandria Medical Society has appointed a committee composed of Dr. W. M. Smith and Dr. Hugh McGuire to arrange for placing a handsome bronze tablet in the Alexandria Hospital to the memory of the late Dr. Rozier C. Bayly.

Mrs. Thomas Hays, who was operated upon two weeks ago at the George Washington Hospital, is recovering and is expected to be able to return to her home in this city on Sunday next.

Mrs. Charles Creighton Carlin has issued invitations for Wednesday afternoon April 6, from 4 to 6 o'clock, at her home, 215 North Washington street to meet Mrs. A. Mitchell Palmer, wife of the Attorney General.

The Friday afternoon dancing class under the direction of Miss Eliza K. Douglas and Miss Katherine C. Waller, will be omitted this week, Good Friday, but will be held in Odd Fellows' Hall, Friday, April 4, from 4 to 6 p. m.

The Ladies' Auxiliary to the B. of L. E., will have an Easter sale tomorrow, Friday and Saturday at the furniture store of Mr. Frank Michelback. All members of the auxiliary are requested to attend.

See Constance Talmadge in "In Search of a Sinner" tonight at the Richmond. Her favorite sinner had the physique of Atlas, the patience of Job and the determination of W. J. Bryan, but he fell for Georgiana and he fell hard. 78-1c.

She tried every way in the world to make her hubby wicked, but all he could think about was anthropology and Greek architecture. See Constance in "In Search of a Sinner." 78-1c.

CENSUS OF ALEXANDRIA

Residents of this city who were overlooked recently by the census enumerators are requested to give their names to the Chamber of Commerce, and they will be added to those made public several weeks ago.

It is now known that the enumerators overlooked some of our prominent citizens and their families. The matter will be considered at a meeting of the Alexandria Citizens' Association, to be held at 8 o'clock tonight at Old Fellows' Hall in north Columbia street.

As will be seen elsewhere, twenty thousand names are expected to be added to those reported by the census enumerators in Richmond. The members of the police force of that city have added materially to the figures recently given by the enumerators, and should the average continue they expect to have the names of many thousands of residents of the capital city were overlooked.

VIRGINIA'S SENIOR SENATOR

Hon. Claude A. Swanson, who became senior Senator from this state when Thomas S. Martin took his place in the constellation of great Virginians, celebrated the 56th anniversary of his birth today. May he have many more.

Two score years ago Claude A. Swanson, then in his teens, was a country school teacher receiving the modest salary of thirty dollars a month. The late A. T. Stewart the millionaire dry goods king of New York was also a school teacher in his younger days. His soul, however, was longing for a business career. He realized the truth of the saying that there's always plenty of room on top, and he eventually went over the top.

Virginia's able representative while teaching school, was also indulging in other visions while his patience was being tested by the drudgery of a country school. He, too, was moved by other impulses. The first rungs of the ladder are hard to ascend to quote the words of the late Senator John W. Daniel but, "when once the summit is reached the atmosphere becomes serene; the stars of heaven shine out while below is the beautiful vale of Cashuere."

While in early manhood the people of Mr. Swanson's district realized his worth and he was elected to the lower house of Congress. His next leap was into the gubernatorial chair of the Old Dominion, and from that into the Senate of the United States. Virginia is proud of all her sons, and especially of Senator Claude A. Swanson.

HOME GARDENING

While the late war was in progress a small pamphlet was printed in this country which was entitled "The Blessings of War." The writer showed from history that carnage eventually produces a more satisfactory adjustment of the world, while new markets and trade routes are opened.

After the war is over high prices still prevail, and so far as can be seen, they are likely to remain high, preparations accordingly. The season for planting is now drawing near, and most of our people who grew vegetables during the past two or three years purpose to continue to do the same, and are making preparations accordingly.

Food prices are high, but food grown in home gardens costs comparatively little more than before prices began to ascend. This additional reason for home gardening in 1920 is put forward by specialists of the United States Department of Agriculture. They quote a letter from a New York business man. He wrote:

"Food costs today are practically double those of 1914, but the cost to plant and care for a home garden has not increased to any considerable extent. The clerk, salesman or professional man who grows his own vegetables and small fruits reduces

the family food bill. More important still, he increases the total food supply of the country. He enters the producing class. To a very appreciable extent the home gardener can solve the high cost of living."

How can the man who never gardened learn how to garden? One good way is to write to the United States Department of Agriculture, Washington, D. C., or to his State college of agriculture for a bulletin that describes every step in making a back yard or vacant lot help feed his family.

MONEY RETARDS JUSTICE

It is often shown that when efficient men are brought before courts on serious charges, they are liable to die of old age before the decision of the court of last resort shall have been announced. Edward H. Stokes, who shot and killed James Pisk in New York in 1872, escaped the gallows after the law's delays, during which time his hair became white as snow. He had powerful friends who were enemies of his victim.

The more recent case of Harry Thaw, who assassinated Stanford White, is a case in point.

One of the most violent scenes of disorder ever witnessed in Cincinnati resulted from the miscarriage of justice many years ago. The people lost confidence in the judiciary, and were anxious to dispose of the case of a murderer without judge or jury.

The Baltimore Sun in its comment on two cases which have recently been brought to the attention of the country says:

"Senator Newberry, a multimillionaire of Michigan, convicted of violating the election laws of that State, is sentenced to pay a fine of \$10,000 to spend two years in prison. His money could not save him."

"Grover Cleveland Bergdoll, Philadelphia millionaire, convicted on the charge of evading the draft, has been sentenced to serve five years in the military jail at Governors Island. He will forfeit all pay, be dishonorably discharged from the army and lose his citizenship. His money could not save him."

"Evidently some qualifications must be made to the theory that there is one law for the rich and another for the poor in this country. The justice which refused to allow the wealth of the accused men to influence their verdicts are to be commended."

"Their money could not save them," we say. But we must qualify that statement a little. It could not save them from conviction in the lower court; it will probably not save Bergdoll at all. But Senator Newberry has not yet seen the inside of prison, and he is still a member of the United States Senate. Skeptics will not be fully convinced of the impartiality of the law until both have actually been put behind the bars."

COST OF POUND OF BUTTER

Berlin, March 31.—A day's pay for a skilled mechanic is not sufficient to buy a pound of butter at prices prevailing here despite the fact that large industrial plants are gradually adjusting their wage scales to the mounting cost of living. The pay in the metal trades now averages about four marks an hour, and is generally granted without opposition by the employers.

Don't Hesitate—Buy Your Lingerie; Easter is Nearly Here

And with it comes the desire to all femininity to renovate their entire wardrobe—but of all the new spring accessories nothing gives more pleasure than the buying of dainty silk and lace undergarments, so fascinatingly trim! this season in ribbons and hand-embroidery! Here you will have many styles to choose from, and all at prices which are bound to please.

Don't Hesitate—Buy Your made of fine quality crepe de chine and wash satin, with yokes of fine lace and georgette lace and ribbon straps. \$3.55—\$6.95 and \$6.95

Night Robes—In crepe de chine and wash satin, with yokes of fine lace and georgette. Many hand-embroidered. \$8.95, \$9.95 to \$12.50

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a heavy, indigestible feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod liver oil—are prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are purely vegetable compounds mixed with olive oil. You will know them by their olive color.

To have clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 50c. Take one or two daily and you will be better looking.

FALLING? HERE'S WHERE IT SHOWS

Don't Worry! Let "Danderine" Save Your Hair and Double Its Beauty

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out, and you can't find any dandruff. Your hair will grow strong, thick and long and appear soft, glossy and twice as beautiful and abundant. Try it.

A NERVOUS WRECK From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep, I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients—recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

WANTS TURKEY EXPUNGED President, in Note, Vigorously Expects Territorial Arrangements Proposed by Allies

Washington, March 31.—Publication by the State Department last night of President Wilson's latest note to the Entente Powers on the Turkish settlement discloses not only a strong demand for the expulsion of the Turks from Constantinople but vigorous exception to various territorial rearrangements proposed by the Allies.

Furthermore, although the State Department professes to place no credence in the reports of a secret understanding between Turkey and Great Britain recognizing English domination in Mesopotamia and Syria, the President's communication pointedly suggests that these and other conquered provinces in Asia Minor be disposed of through a concert of the great powers.

Exception is taken to the Allied proposal that the northern part of Thrace, as well as the southern part, shall become a part of the kingdom of Greece, the President holding the view that the claims of Bulgaria to this region in the north, including the cities of Adrianople and Kirk Killiseh, are superior on ethnic and historical grounds as well as for other reasons.

COURT FORBIDS STRIKE

Injunction Granted on Application by New Kansas Board

Topeka, Kans., March 31.—Alexander Hoyat, president of the Kansas District United Mine Workers of America, and forty-seven district and local union officials in the South eastern Kansas coal mine district, yesterday were restrained from calling a general coal strike by District Judge Curran, of Pittsburg, Kansas.

The injunction was asked by the Kansas Industrial Court. Its attorney alleged in his petition that Hoyat threatened to call a strike for the purpose of defying the court and the State government. Hoyat also intended to cause "vast economic waste," the petition said. The governor said the action was taken for the protection of the public and conservative union men.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

MUSTEROLE
WILL NOT BLISTER

HAS WINTER WORN YOU DOWN?

Sickness That Lingers, or Strain of Caring for Others, Makes Spring Days Dangerous

Get Back Your Strength

Red Blood Means Old-Time Vigor, and Pepto-Mangan Builds Rich, Red Blood

Perhaps you've been ill this winter—or others in the family have, and you've worn yourself out with extra burdens. And now your strength is slow to return.

Week after week you've felt too tired for anything, and have looked it, too—color bad, eyes dull, and no enthusiasm.

When you don't feel well you are not well. Probably what you need right now is the good blood tonic Pepto-Mangan. Physicians everywhere recommend Pepto-Mangan for run-down, anemic people. Ask your doctor about it. Pepto-Mangan supplies the things that blood-starved people lack. It puts iron and vigor in the blood. It paints the cheeks in Nature's way and restores the hearty appetite.

The blood is naturally sluggish in the Spring and the whole family would profit by taking Pepto-Mangan which tones up and builds up. It is pleasant-tasting and soon makes you feel better. Your own druggist has it ready for your call, and in both liquid and tablet form, just as you prefer.

But to be certain that you get the genuine Pepto-Mangan, ask for it by the full name, "Gude's Pepto-Mangan." Look for the name "Gude's" on the package.

VIRGINIA NEWS

Frank R. Bartlett, former cashier of the Colonial State Bank of Newport News, yesterday afternoon was indicted by a grand jury of the corporation court on the charge of grand larceny of \$190,420.84 from the bank. There are 23 counts against him.

The Virginia Supreme Court of Appeals yesterday refused to review the case of James L. Bailey, who sought redress from the judgment of the Circuit Court of Culpeper County, which awarded Ethel May Gooch, of Brandy Station, \$2,571 in a breach of promise suit. It was represented in his petition that the testimony tended to prove that he was the victim of "an ingenious scheme of a designing young woman to take from a helpless and forlorn cripple" a few thousand dollars received as compensation for injuries sustained at Alexandria while Bailey was in the employ of the Southern Railway as a brakeman. He was described as uneducated and homely, and she as intelligent and pretty. The records indicate that the two became engaged November 20, 1918, and that Christmas Day in Washington was set as the time and place for the wedding. The marriage was postponed and Miss Gooch later started action alleging breach of contract on the part of Bailey.

Affirming the decision of the justices court of Richmond, the Virginia supreme court of appeals yesterday decided that Gustav Buchholz, proprietor of the Occidental Hotel, Washington, is not entitled to recover a car seized and confiscated in Richmond when James A. Chisholm, a chauffeur in his employ, without Buchholz' knowledge and consent, brought the machine to Richmond with a load of liquor, December 19, 1919, and was arrested and convicted of violating the State prohibition law.

Announcement of the resignation of Patrick Henry Drewry as State senator from the Petersburg district preliminary to his election as Representative from the Fourth district, in succession to the late Walter A. Watson, has aroused renewed interest in the State senatorial situation. Already three names are being mentioned. Col. Leroy Hodges, Governor Davis' secretary, is an avowed candidate. The other two are Robert Gilliam, Jr., former representative from Petersburg in the house of delegates, and Samuel Rodgers, newspaper man, of Petersburg.

An opinion upholding the West fee bill as valid was handed down yesterday in the Virginia supreme court of appeals in the case of Alvah H. Martin's executors against the Commonwealth, appealed from the circuit court of the city of Richmond. The police of Richmond Monday discovered 2,416 additional persons who had not been enumerated by the Federal census takers, carrying the total of those who had been missed past the 6,000 mark. The exact figure is 6,266. At least 20,000 names will be added to those garnered by the Federal enumerators if the average that has been struck by the police enumerators is maintained during the remainder of the quest, which is expected to consume the better part of ten days.

With the primary just a week off, interest in Richmonds mayoralty contest is daily increasing. While odds are declared to be on George Ainslie, incumbent, seeking election, it is admitted John Hirschberg, State labor commissioner, is giving him a hard race. Organized labor is reported to be backing Hirschberg.

A mountain fire has been burning in the vicinity of Linden, Warren county, since late Monday afternoon, and, fanned by strong winds, spread during the night over a wide area of the Blue Ridge. Hundreds of men fought the flames all night with little success. Two thousand acres of valuable timber already have been burned. A number of large commercial orchards in that vicinity are reported to be in danger.

STORK GOOD TO PETERS

Richmond, March 30.—Professor Stork presented Dr. J. Sidney Peters, State Prohibition Commissioner with a bouncing nine-pound baby boy last night, according to information received from the Memorial Hospital. Dr. Virginia Harrison introduced Dr. Peters to his son for the first time last night. Both baby and mother are said to be doing nicely.

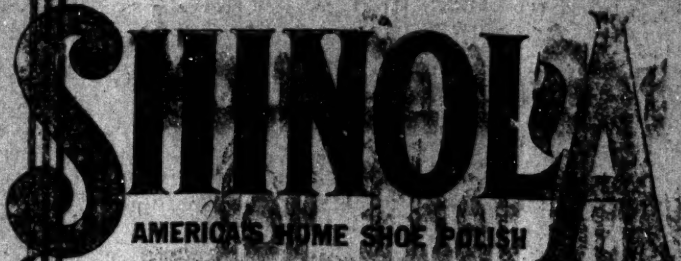

Statistics Tell Us

how few men who reach age 65 are self-supporting. We urge young men to take long-term endowments to make sure of an independent old age. Such protection saves all the time and protects others if death intervenes. National Life Insurance Company of Vermont.

WAKE UP "FIDDLE FIT"

Take "Cascarets" for Your Liver and Bowels and Feel Fresh as a Daisy—Constipation Gone!

"Cascarets" tonight sure! Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach aching, your head throbbing. Your bowels are turning into poisons, little too—Cascarets work while you sleep.

Make Your Shoes Last Longer by Taking Good Care of Them. Apply Shinola frequently. Its wax and oils soften and preserve the leather and keep your shoes looking new. Shinola and the SHINOLA logo make shoe shining a matter of seconds in home or office.

They Come Clean

It's not only the cleanliness and care which we devote to our clothes that make our helpfulness to you so important. It is also the removal of the burden of wash days—the lightening of your work and worry and the solving of the problem of keeping contented and competent maids.

Alexandria Laundry, Inc.

IN CONSTANT USE BY

PHYSICIANS EVERY DAY

Medicinal Value of S. S. S. Is Fully Recognized.

Almost every human ailment can be traced, one way or another, to impurities in the blood. So you see, the blood is the most important of all our organs. It is constantly pumping rich, red, life-giving blood to all parts of the system. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every cure is simply exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state, by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they find a fertile field in your system to spread disease.

Over a hundred years ago the Indians made many excellent remedies and tonic from roots and herbs gathered from the forests. One of these formulas was handed down to the white man and for

more than fifty years has been used as S. S. S., which is recognized as the best known blood medicine on the market. This fine old remedy is still made as of old from roots and herbs of proven medicinal value. In fact, physicians everywhere recognize the wonderful efficiency of these roots, and they are prescribed in some form or other almost daily. And now after being in constant use for more than half a century, S. S. S. is more popular than ever. It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results.

S. S. S. is a very valuable agent in the treatment of Catarrh, Rheumatism, Eczema, Tetter boils, pimples, skin eruptions, malaria, and other disorders that come from blood impurities.

It is also, without an equal as a general tonic and system builder. By its efficacy in cleansing the blood of impurities, it builds up the appetite and gives new life and vigor to the entire body.

You are invited to write for valuable literature and medical advice, which will be sent without cost. Address Chief Medical Adviser, Swift Laboratory, Atlanta.

AMERICANIZATION

PLANNED BY JEWS

Declaring that the "Ten Commandments and the Constitution of the United States must be the decalogue of every American Jew" Mrs. Rebekah Kohut, of New York, national chairman of the campaign to be launched by the Council of Jewish Women on April 25, has announced that the council is prepared to send women workers to seaports of Europe and begin there the Americanization of the immigrant. Mrs. Kohut was a "dollar-a-year" member of the Council of National Defense, and is the recognized leader of America's Jewish women. She recently accepted the chairmanship of the campaign to secure funds to extend and carry on the Americanization.

"The Council of Jewish Women is the only representative national Jewish women's organization in the country," Mrs. Kohut stated. "It not only reaches out, extending its work and influence to the Jewish women in her home and synagogue—but also welcomes the Jewish woman who knocks at America's door."

"During the last two or three years," Mrs. Kohut continued, "we have heard so much about the importance of teaching Americanism to the foreign born. To the National Council of Jewish Women Americanization is not a new word. We have been doing this work for thirty years through our Immigrant Aid Department. Our representatives have met, housed and cared for immigrant women and children in New York, Brooklyn, Philadelphia, Galveston, San Francisco and Seattle. We have taught them the American language, history and customs—and have endeavored to instill into them the true American spirit. We have tried to teach them that the Ten Commandments and the Constitution of the United States must be the decalogue of the American Jew."

"Very soon thousands of Jewish women and their children will be knocking at our gates. The Council of Jewish Women will be ready to greet them and help them over the rough places. More than that, we plan to begin their Americanization not only here—but in Europe as well. If the country responds to our call for funds, we will be enabled to send abroad a unit of workers to seaports of Europe who will give first lessons in citizenship and Americanization to immigrants during those weeks when they are hopefully waiting for the ship that is to carry them to the promised land."

Mrs. Kohut was one of the founders of the Council of Jewish Women, when it was organized thirty years ago at the Congress of Religions in Chicago as a spontaneous association of Jewish women for the service and development of American Jewish womanhood. Mrs. Hannah G. Solomon, of Chicago, was the first president and Miss Sadie American, secretary. Among the others were Mrs. Minnie D. Louis, founder of the Hebrew Technical School for Girls, and the late Julia Rickman.

AMERICAN CUTLERY NOW SOLD IN LONDON MARKET

American cutlery manufacturers, having captured the domestic market, are reaching out for new empires to conquer. Thousands of dozens of pocket knives, razors and scissors are being shipped from American

factories to South America, Asia and European countries. "Made in the U. S. A." is becoming as important an imprint on the blade of a knife as was "Made in Sheffield," before the war.

Dealers returning from Europe state that American knives can be bought today in any high class cutlery store abroad. London shops show them side by side with the best English Sheffield they have to sell. There are many shops, it is said, which display more American cutlery than English. The cause for this appreciation of the American knife is, next to its high grade quality, the reasonable price at which the American article is sold. American cutlery makers have not only learned to turn out first class blades, but they have also fixed their prices considerably below those of their English competitors, and for that reason are receiving a heavier call for cutlery made in the United States than the English manufacturers are for their products.

Try a Gazette Classified Ad.

Hood Prices, being based absolutely on actual cost of highest quality materials and labor, are consistent with Hood Quality and Road Service

The Hood ideal of tire value and service—greatest average mileage actually delivered at lowest cost per mile—remains unshaken by unsettled conditions which are arising to confront and confuse both tire dealers and tire users.

With costs of materials and labor at a high point, with the cost of cotton showing increase, with labor constantly increasing in cost, with rubber only slightly weakening, and with overhead reduced to a point of efficiency seldom equaled in the tire business, Hood will maintain present prices and quality.

Any reduction under the above conditions would necessitate a reduction of quality or quantity of materials or of both. We will not pull down our standard—it has made Hood Tires famous the country over as the Quality Tires of America.

The quality of Hood Tires will be maintained.

Hood prices will continue to be—as in the past—THE standard by which real tire value can be safely judged, for to-day the price of a tire is the only true representation of comparative value—guarantees have come to mean nothing.

Ask us to show you records of Hood average mileage of last year. Let us prove to you WHY price, divided by miles actually delivered, makes the Hood the most economical tire you can buy.

Can you afford to be without Hoods?

Hood Tires give maximum miles at minimum cost. A bona-fide guarantee with every tire. Fabric guaranteed 8,000 miles; cord guaranteed 10,000 miles. Cut your car expense by equipping with Hoods.

Ford

THE UNIVERSAL CAR

Weak Links In A Strong Chain

That's just what imitation parts are when they become a part of your Ford car. They look strong enough, but the metal isn't there—the strong, durable Vanadium steel that goes into the Ford chassis and every Ford part. Ford parts are specially cast and heat-treated, each according to its use. Some require a hard, flint-like wearing surface, others need resiliency, and some need just "toughness."

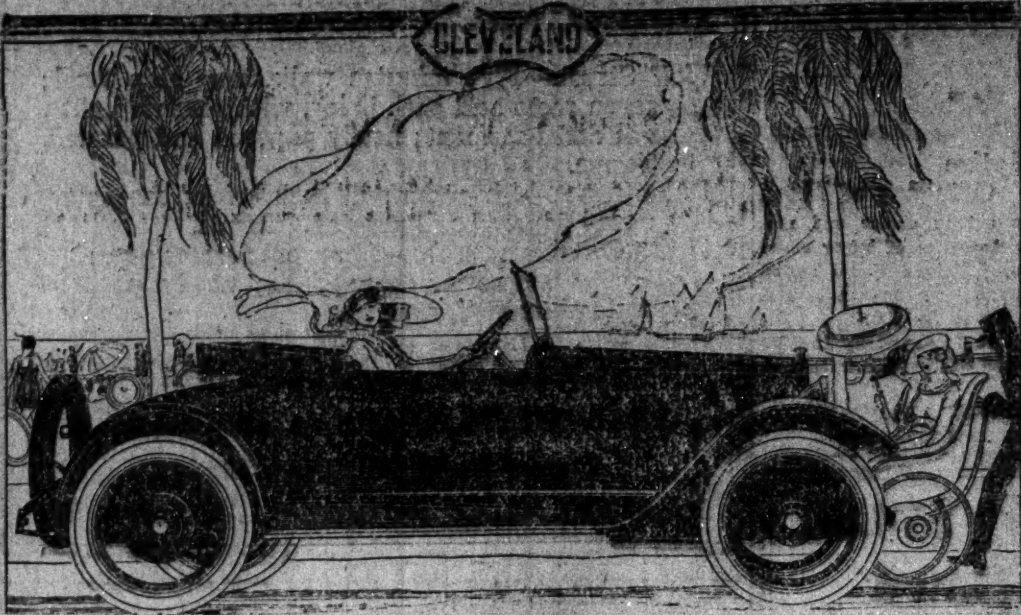

Ford metallurgists have been studying these problems for sixteen years and know just how each unit should be made to endure a maximum of wear and tear. They know that best results can be obtained only by the use of special formulas for different parts, and that honest Ford parts wear from thirty-five to one hundred per cent longer than counterfeits.

We carry complete assortments of genuine Ford parts for both passenger cars and trucks. And our garage is equipped to give careful, prompt Ford service—from minor adjustments to complete overhauls. Drive in, it's better to be safe than sorry. Come to the Authorized Ford dealer for service.

Car can be seen at Belle Haven Garage

Sole Agents For Cleveland Sixes

All persons holding tickets or money are requested to make returns to Mr. Julius Wolf, 423 King St., not later than Monday, April 5th.

Another Increase Granted W.-Va. Rwy. Co.

(Continued from Page One)

ters' Association will soon call a meeting for further action in the matter.

The ticket which they propose to increase is one of the most popular tickets sold on the line, being good for families and the increase will make the fare for the round trip exactly thirty-two cents. The saving, therefore, will be only three cents on the round trip by purchasing a twenty-five trip book.

PROHIBITION HITS LOBSTER

The day of the lobster as a favorite edible and diversion is past, according to Mr. Mann, chef of the Claridge Hotel, who should know, since he has been among the foremost of the purveyors to the pampered taste on the now gay "white way".

Adopting the popular habit of blaming everything that goes wrong on prohibition Heineman, Maitre d'hotel there, attributes the decrease in demand for crustaceans to just that. He explains that from the first symptoms of the great drought to the obsequies of king barleycorn the restaurant decreased its supply of the delicacies from 50 to 80 per cent.

The lobster was the first to feel the public displeasure, for who will eat it without its logical accompaniment.

"Where it will end I don't know," said Mr. Mann, raising eyes and hands. "Those people who a year ago were our most faithful patrons seem likely to starve themselves. It would be most amusing, were it not actually alarming, to see the man who formerly ordered as an afterdinner 'bite' lobster, terrapin or welsh rabbit, with drinks before and after, now content himself with a club or cheese sandwich with milk or coffee."

"By the way, the demand for tea and coffee has increased 100 per cent. in the last few months."

"Our patronage has not only fallen off at the supper hour," he continued, "but there is a remarkable change in the food chosen by people for their chief meals. No longer do we get many six-course dinner orders. People are eliminating the hor d'oeuvres, the heavy desserts and salads. They are stocking to plain foods. The majority of our dinner orders consist of one meat course, one or two vegetables and a salad or sweet."—New York Tribune.

A NURSELESS NURSERY

It has never been easy, in this country, at least, to secure an ideal nurse for one's children. When one comes to think of it, the qualifications demanded are rather severe. Efficiency must be combined with gentleness; discipline with patience; and neatness and a knowledge of sewing must be added to the other virtues. Next to general housework, a nurse's position is the most difficult to fill in these days. Careful mothers are more than ever taking over the personal charge of their children. That this has many advantages no one can deny, and these advantages can be increased by thought on the part of the mother. She can train the children in such a way as will lighten her own tasks as well as encourage them in independence and self-reliance. It may seem easier to dress a child as one would a doll than to sit by and let the little creature struggle for itself; but each struggle successfully carried through means just so much mental as well as physical development.

The furnishing of a nursery should be done with an eye to making it possible for children to do much for themselves. A low table, the top of which should be covered with enameled cloth, is more convenient for a child than a wash stand. Any enameled ware bowl and pitcher which cannot be broken and which is light enough to be easily managed by small hands makes it quite possible for a child to accomplish its own ablutions. In many families, the evening meal of young children is served in the nursery and an outfit of enameled ware plates, cups and saucers or mugs will be found very useful. Provided with these, the children can wait upon themselves or each other with no danger of breakage. There is no reason why this enameled ware equipment should not be pretty as well as useful, as it can be procured in colors to suit the color scheme of the nursery. We are told that the best help we can give anyone is to teach him to help himself and the child learns that lesson much more quickly and easily than if it be left to later life.

CHANDLER SIX Famous For Its Marvelous Motor

Two Great Chandlers Right Out In Front

HERE are two Chandler Six models which the big and constantly expanding Chandler factory production has never been able to build in volume that could supply the demand of discriminating motor car purchasers. They are the Chandler Six Touring Car and Dispatch Car, the former a big, handsome, roomy, comfortable, real seven-passenger car; and the latter a trim, smaller car, suggestive in its appearance of all the good things of outdoor life. The Dispatch Car has a touch of snappy style in its clean lines, and is strikingly finished in the beautiful Chandler Rainbow Blue. It seats four persons in restful comfort.

Both the Chandler Six Touring and Dispatch Cars are mounted on the same standard Chandler chassis, developed, through seven years of manufacture, to a surpassing point of excellence and famous for its really marvelous motor. The Chandler Car is priced much lower than other cars which may, perhaps, compare with it.

Garbage Collection New Ordinance

(Continued from Page One)
understand its very simple, yet important provisions.

While the collection and disposal of garbage has long been one of the most serious and vexing problems confronting cities throughout the country, we feel that we have reasonably solved the problem as far as it relates to Alexandria.

We will, however, require the full cooperation of our citizens in order that our plans may be carried out to the satisfaction of all concerned.

No large business can be successfully conducted unless its work is reduced to an efficient system. This proven rule applies equally to any City Department, hence we are trying to systematize all activities of the Department of Health, to the end that it may render to the people prompt, efficient and economical service.

There is bound to be some little confusion for a short time until we get the various collectors assigned to regular districts and our plans in to full working order. Remember we are making a radical change from old to new conditions, so ask the public to give us reasonable time to accomplish this change.

I might say in conclusion that the removal of garbage under our plans will not cost the city a cent.

TO CALL RENT STRIKE

Delegates From 324 Organizations in New York Band for Walk-Out.

New York, March 31.—Almost 100,000 Jews banded together to resist rent profiteering last night and formed the Jewish Tenants' League, through delegates from 324 Jewish organizations, who met at Beethoven Hall, 210 Fifth street. Speaker after speaker specifically denounced the Jewish landlord as a chief factor in the present crisis, the chairman declaring that 75 per cent. of the Jewish victims suffered from extortion by men of their own race. Plans for a general strike of the Jewish tenants and all others who can be influenced on May 1 were greeted with enthusiasm.

The meeting was held under the auspices of the United Hebrew Trades, and almost 2,000 delegates and spectators overflowed the big hall and its galleries. The organization formed will be the biggest of the kind on record. An executive committee of fifteen was formed to carry out the plans laid down.

BROKEN DECIDE TO QUIT

Roanoke Railway Union Plan Walkout to Aid Clerks.

Roanoke, Va., March 31.—Representatives of all organized crafts in the local shops of the Norfolk and Western Railway at a conference here last night decided to walk out today in sympathy with the clerks who struck March 22, following the company's failure to discharge two nonunion clerks, who were accused of insulting a young woman employee.

Between 5,000 and 6,000 men are involved.

WEDS. POLAND TO THE SEA

Tossing Rings Into Waves Marks Reuniting of New Republic to Ocean.

Warsaw, March 31.—Tossing of a wedding ring into the ocean marked ceremonies recently held at Puck, or Putzig, to celebrate the reuniting of Poland to the sea, an event of which all of Poland had dreamed for many years. Polish troops in their northward march on their own soil, as provided under the Treaty of Versailles, had reached the coastline of the Baltic and begun to make themselves at home in the stretch of land north-west of Danzig. This brought Poland to sea water again, after an absence of 118 years.

While Polish ships are to have use of wharves at Danzig which is to be a free port under the league of nations, the new republic is desirous of a port which it may call its very own, and it is with this end in view that the Polish government has settled up on Puck, as it is spelled in Polish, as a site for the port where in the future Poland may have absolutely free commercial access to the sea under jurisdiction of its own officials.

It was at the seaside near Puck where formal exercises marking Poland's reunion to the sea were celebrated the other day, and it was a great event. Thousands from all over Poland assembled in holiday attire to commemorate the historical occurrence and also the recovery of Polish land which went to Prussia after Poland's first dismemberment by the three conquerors, Prussia, Russia and Austria, in 1772.

There was a race of the detachments of Polish soldiers to actually reach the coast and to be the first to dip a Polish flag into the waters of the Baltic.

Stomach Out of Fix?

Phone your grocer or druggist for a dozen bottles of this delicious digestant—a glass with meals gives delightful relief, or as a charge for the first dozen used.

Shivar Ale

PURE DIGESTIVE AROMATICS WITH SHIVAR MINERAL WATER AND SINGER.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itching rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use, and dependable. It costs only \$1.00 an extra large bottle. \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skin.

Keep Fit

To be in perfect physical condition, to be well and strong, to have energy and vigor—to keep fit—is the joy as well as the duty of every person.

If you want to keep fit, don't neglect the first symptoms of kidney trouble. Act promptly at the first signs of puffiness under eyes, itching back, backache, pains in legs, swollen or stiff joints, rheumatic pains. Drugged kidneys fail to do their work, produce, and as a result waste and poisonous matter is retained to poison the blood stream instead of being expelled from the system.

Foley Kidney Pills

Help overworked, weak or drugged kidneys and bladder by their tonic, invigorating, healing action. They are made of the purest and best medicines, accurate and are commended by strict conformity with National and State pure food laws. They have helped thousands of men and women.

Col. F. P. Coburn, Erie, Pa., writes: "As a chemist I am not prone to the use of drugs, but I can say that I have been forced to yield to the power of Foley Kidney Pills which have done me much good. I cannot recommend them too highly. I thank you for the valuable service."

Everyone

I am the Nation's cause of being, its foundation, its life. I am its mightiest power, its greatest asset, its humblest servitor.

I am its treasure house, its chief financier, its paymaster. I am its homes, its garden plots, its children's playgrounds. I am its factories, its workshops, its skyscrapers.

I am its mines, its oil fields, its forest.

I am its granary, its green farms, its lush meadows.

I am its teacher of good government, of staunch citizenship, of true patriotism.

I am its bulwark against anarchy, against bolshevism, against radicalism.

I am its insurance for its widows, its orphans, its aged.

I point its way to thrift, to right thinking, to sane living.

I give its sons borrowing power, credit, material worth.

I confer on them prestige, independence, prosperity.

I represent to them opportunity, self-respect, contentment.

I am the goal of its thinkers, its workers, its savers.

I war on high rents, high living costs, profiteering.

I increase fast in value, steadily in income.

I am tangible, imperishable, immutable.

I am the basis of all wealth.

I AM REAL ESTATE.

THE SAFEST AND BEST INVESTMENT IN THE WORLD.

Ten new homes are already planned for Rosemont this spring and four of them are now under way.

THE MODERN ORGAN AND ITS ANCESTORS

Once upon a time a youth passing through a thicket cut a hollow reed and carefully blowing into the end discovered that he was producing a sound, a musical note, possibly the first he had ever heard aside from the song of the birds round about him.

Cutting another reed he found sound, again, but of a different pitch, and by combining a number of these reeds, after probably many efforts, he evolved a set of perhaps an octave of consecutive tones, and thus developed what we now call Pan's Pipes, the first organ.

Then some one discovered that by adding of a mouthpiece made the blowing easier and that instead of many tubes, one alone could be lengthened or shortened by the use of finger holes, and so the Shepherd's Pipe. The shepherd soon learned that by using a pipe in each hand he could produce two tones at the same time, and here we have the beginning of harmony.

The invention of the bellows, probably in connection with the blacksmith's forge, furnishing a means for obtaining more wind made it possible to use larger pipes, and more of them, and in this with the addition of a keyboard we have the foundation of the modern pipe organ.

The organ of today has three departments, blowing plant, action and pipes. The first usually consists of a fan blower, the wind at a pressure of from 4 to 10 inches by the blower gauge, being conveyed to the organ chest, a box of about eight feet in length containing the valves which admit the wind to the pipes which rest upon the top in double rows.

The organ keyboard contains the keys, from two to five sets of five notes each; the Pedal keys, which are the bass of the instrument, and which are played by the feet; the top knobs or tablets one for each row of pipes, the couplers for connecting the different keyboards or for adding octaves to the notes played; and the combination pistons for bringing in certain selected combinations of stops. This keydesk is connected to the chests by a cable of hundreds of separate electric wires.

Each keyboard controls a section of the organ called according to the quality of its tone the Great, Swell, Choir, Solo, Echo, or Pedal organ. In the Great organ are the full round tones of the instrument, in the Swell organ are the finer, more expressive stops while the Choir organ is a collection of smooth toned pipes of medium scales. The Solo organ contains a high pressure of wind which makes them very assertive. The Echo organ is generally at a distance and subtended in tone. The Pedal organ is the bass of the instrument and contains large pipes mainly sixteen feet through sometimes thirty-two and even sixty-four feet in length.

The pitch is regulated by the length of the pipe, the normal or piano pitch being produced by a pipe measuring eight feet in length on the lowest note. A four foot pipe produces a note an octave higher and a two foot pipe two octaves higher. The largest possible pipe is sixty-four feet in diameter, and vibrates four times a second. The smallest is three quarters of an inch in length with five thousand vibrations per second.

The great variety of tonal qualities contained in the modern organ and the ease with which it may be controlled renders it quite distinct from the ponderous Cathedral instrument of our forefathers, and makes possible its use as a concert instrument, as which it is becoming very popular. The possibilities of the contrasting of the various departments of the organ, the combinations of the wonderful assortment of tones, the effects of coupling the various keyboards, are almost endless and call for a lifetime of study to properly manipulate the organ, well called the King of instruments.

THEY ALL MARRIED RUSSIANS

New York, March 31.—Capt Hugh S. Martin, Lieut. A. W. Kliefoth and John A. Embury, all young Americans, who recently returned to this country with Russian brides, held a reunion here today and agreed that Russian women make ideal wives.

Martin and Kliefoth were both in the United States Intelligence Service in Russia. They are now lecturing for the American Central Committee for Russian Relief, which was organized to send aid to the thousands of Russian refugees in non-Bolshevik territory. Embury was the American Consul at Odessa and later at Omsk.

Martin was the most romantic experience of the three. His wife was a secret agent for the Allies. The young American officer met her while they were working on the same investigations. She has such acute sense of hearing that she was known among the Allied Intelligence Officers as the "human stethoscope."

BIRTHDAY PARTY

A delightful party was given Monday evening, March 29, at the home of Mr. and Mrs. Charles Valentine, 707 King street, in celebration of the twelfth birthday of their son, Ashby Valentine.

A number of games were played and during the evening refreshments were served. One of the most amusing games was the "Donkey Party," in which the first prize was awarded to George Reynolds, and the second to Miss Isabelle Cockrell.

The young people present were: Misses Edna Galahan, Annabell Galahan, Helen Travers, Isabelle Cockrell, Margaret Saunders, Carolyn Peake and Eleanor Peake, Master Jack Lynn, Archie Millon, Robert Merchant, George Reynolds and Abner Beales.

FORMER GOVERNOR WARFIELD IS DEAD

Prominent Maryland Politician and Banker Dies After Prolonged Illness

Baltimore, March 31.—Former Gov. Edwin Warfield, of Maryland, died at his home in this city today following an illness of several months. He was seventy-one years of age.

Former Governor Warfield was widely known in banking and financial circles and only recently, due to continued failing health, resigned his position as president of the Fidelity Trust and Deposit Company of Maryland.

Mr. Warfield was an ardent patriot and attracted nationwide prominence a couple of years ago because as president of a patriotic society he protested against the appearance in this city of Dr. Karl Muck, then leader of the Boston Symphony Orchestra. He was quoted at that time as declaring that while he had been always a law-abiding citizen, he would be tempted to join the mob if Dr. Muck appeared at the Lyric in this city. The governor's protest brought the question of Dr. Muck being an alien enemy to a head.

600 OUT IN WAR BUREAU Largest Number of Separations Yet Made in Reducing to Peace Basis

Six hundred employees, out of a force of 3,200 now on the rolls of the Zone Finance office of the War Department, will be separated from this job at the close of office hour this afternoon, according to a statement made this morning by Col. F. W. Boschen, head of the division. This wipes out the entire list of employees on a temporary status or those who have not passed Civil Service examinations. One hundred and fifty more employees, 5 per cent of the permanent list, also were slated to go today, by have, in almost every instance, been taken care of by transfer or by calls on private employers.

By the first of the next fiscal year July 1, the force will be reduced from a recent figure of 3,600 to 1,200 employees.

COAL, LUMBER AND BUILDING MATERIALS

EXAMINE OUR GRADES WHEN CONSIDERING PRICES:

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade, at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.

Kann's—Second Floor.

When you get

Indigestion

A few tablets of "Pape's Digest" will bring relief almost as soon as they reach the stomach. "Pape's Digest" by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness, or pain in stomach and intestines.

"Pape's Digest" helps regulate disordered stomachs so favorite foods can be eaten without causing distress. Costs so little at drug stores.

SAVE SHOES AND STOCKINGS

They will last twice as long if you Shake it into your shoes, sprinkle Ease, the antiseptic, healing powder for the feet. It takes away the stinging of corns, bunions, calluses, sore, aching, swollen, tender feet. Allen's Foot-Ease, stops the friction which causes the wear on shoes and stockings, saves expense and makes walking a delight. Shake it into your shoes, sprinkle it in the foot. Sold everywhere.

ANOTHER ALEXANDRIA CASE

It Proves That There's A Way Out For Many Suffering Alexandrians.

Just another report of a case in Alexandria. Another, typical case. Kidney ailments relieved in Alexandria with Doan's Kidney Pills.

N. W. Simpson, 1513 King Street, Alexandria, says: "It was a good many years ago that I first had kidney trouble and I got so I could hardly get out of bed. The pain and misery I went through were terrible. My back was lame and so sore I could hardly touch it. It hurt me to bend over and I had terrible headaches. Some days I was so nervous I would shake like a leaf. The kidney secretions were in bad shape. Sometimes they were scanty and then I would have swelling of my feet. My feet would get twice their natural size and I couldn't get on my shoes. I was all worn out and didn't have the ambition to work. A friend told me about Doan's Kidney Pills and I got two boxes at Ashton's Drug Store and took them according to directions. They helped me so much I got three more boxes of Doan's and they entirely cured me. Since then I have worked every day and have been in fine health."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. Simpson had. Eastern Mfg. Co., Mfgs., Buffalo, N. Y.

QUOTE THE EASTER RABBIT
I love to dress up at Easter time, but how can I do it if my boots are not just so? New shoes are mighty costly just now, but I'll tell you the secret of being well dressed about your feet and having dollars. Let us repair those comfortable old shoes of yours. They'll feel just as good, and wear great!

Seek Revision of Alexandria Census

(Continued from Page One)

asking that a census be made by the Police Department.

The business and civic leaders are justly proud of the efforts of this city and a determined effort will be made to secure a fair "roll" of our present population. Many of those not listed by the census-takers have already reported their names and addresses to the Chamber of Commerce. And it is generally hoped that others of those homes that were not visited will promptly report their names and the names of every member of their household to J. T. Preston, secretary of the Chamber of Commerce. This is an undertaking in which the co-operation of all citizens will attain the desired result.

The figures just announced by the census department give Alexandria a population of 18,060. Alexandrians, however, feel confident that the city has a population of 20,000 to 21,000.

USE LESS COSTLY CUTS

Washington, March 30.—Those persons interested in the economies of the campaign to "Save Money on Meat" by utilization of the less costly cuts, particularly those of the fore-quarter, should note the following excerpts from a statement on the subject by the Bureau of Markets, United States Department of Agriculture:

"If people in general could realize the value of meat from the fore-quarter as compared with that from the hind-quarter and would use more of it, prices of meat as a whole would be greatly reduced and would be more stable."

"People should use more fore-quarter meats and reduce prices of living. Any of the fore-quarter meat is good for making meat loaves or Liberty steak, while in some markets, steaks are cut from the rib and sell as short cut steaks."

"In the same statement, the Bureau of Markets has said:

"Because of its reputation as the choicest cut, the people ask for porterhouse steak, whereas if they would try a chuck steak, the chances are it would prove to be satisfactory and it would cost much less. The reputation of porterhouse steak with the consequent large demand for it, coupled with the fact that this cut forms only a very small per cent of the carcass, causes it to sell at a higher price than any other cut."

BERGDOLL GETS 5 YEARS

Wealthy Draft Dodger to Be Hanged at Governor's Island
Grover Cleveland Bergdoll, the wealthy young Philadelphia draft evader, was sentenced yesterday to five years' imprisonment at hard labor at the United States disciplinary barracks at Governor's Island.

He was also sentenced to be dishonorably discharged from the United States army and to forfeit

all pay and allowances due and to become due."

Lieut. Col. Green, trial judge advocate, in announcing the sentence, declared the President alone can stay Bergdoll's prison term.

Harry Weinberger, Bergdoll's counsel, on hearing the sentence, announced for 10-15-19.

Mr. Weinberger said he would appeal to the United States Supreme Court if necessary.

The verdict of the court martial was returned March 27 and was con-

viewed and approved today by Lieut. Gen. Robert G. Ballard.

The court found Bergdoll guilty on the charge of deserting from the army from August 1915 to January 7, 1920.

Bergdoll's brother, Irvin, who also was reported for service in the army, is still at large. Police officials expressed the belief that he had fled to Mexico.

MAIL FLIER DIES IN CRASH

George Sherlock, From Washington, Hits Chimney at Newark, N. J., March 31.—George

Sherlock, of Orange, N. J., flying a postoffice department mail plane, was instantly killed here yesterday afternoon while trying to land at Heller field after completing a trip from Washington. The plane, a Martin bombing machine, struck a chimney and crashed to the ground.

Sherlock was pinned underneath the wreckage of the machine which striking the chimney. This was Sherlock's second flight from Washington in a mail plane.
